DOES THIS LOOK LIKE A MAN WHO'S CONCEDING??

No, it doesn't.

But I also want to point out that it doesn't sound like someone looking to cross the rubicon until at least Jan 6th-7th.

Just saying.

PS: Julius Caesar is said to have crossed the Rubicon River on January 10, 49 BC.

After the 6th, Biden is legally the incoming president. If something extreme was going to happen, it would make no sense to wait until after.

There's nowhere left to move the goalposts. Be there on the 6th ready for 1776.

If they fuck him over again on the 6th he can & will cross it, declare all this election bullshit null and void and that martial law is on.

Constitutionally January 20 is the only dead line in terms of all legal paths. Our commander and chief is calling on us, I'm sure he has a plan. 🦅

The constitution is null and void since SCOTUS used it to wipe their ass. It's dog shit now until you regain control of your country and implement the constitution again, but with real teeth and protections going forward, including strict regulation of yellow-journalism and big tech censorship.

There is 0 chance of Congress feeling pressured to do this. They know that we have morals and ANTIFA doesn't. They're more afraid of those without morals.

Democrats in the House have threatened to lock out Republicans who supported Trump come Jan 6th iirc. We could pull some tree hugger, arms locked together, blocking entry crap ourselves; only allowing those who DID support POTUS to enter. What's good for the goose...

If he doesn't see the support he needs he'll talk people down and concede. This is too last minute for anything else. Be packing or don't bother coming.

He's not going to concede and it doesn't hinge on turnout. You haven't been paying attention if you think he's just going to give up.

Edit: Doomers downing voting, think for 30 seconds before you let your emotions wash over you. Trump stated multiple times there will NOT be a peaceful transfer of power IF there is fuckery with the election. There was. EO 13848 was drafted in 2018 and deals directly with election interference. Doesn't take a lab coat to figure this out. He's not leaving office.

this means Rubicon is off the table because if there was military activity planned, no one would want a civilian crowd in there

Rubicon involves the militia, not just the military. Especially since the military cannot actually be trusted to act since all the brass are corrupt anti-Trumpers.

I hope you're wrong and he proves to be Caesar... but for the moment you are correct, and you must not rely on him to use the EO/IA/ML route. The people must stand up for themselves.

Exactly Rise up we must but to put our hopes and the decision as to whether or not we succeed on one man is a mistake, We will Rise up and we will win God and Glory is on our side and no man can stop good from triumphing over evil this my friends, brothers, mothers, sisters and fathers is our moment to set things right once and for all so that our sons and daughters may leave in the peace and security of a free republic like our forefathers intended.

He won't. Here's what will happen. The military will decide the President pro-temp. It will be temporary until the courts finally drop their balls and make decisions. The military will have to take commands from someone. That person will be the person who is president. It's very realistic that's Trump for a short or long time. Or even Biden in some instances and Trump in others. This last outcome is the one we should fear for war will have ignited at our doorsteps.
